Terms and Conditions of Sale

This list cancels all previous quotations. All agreements and contracts are made subject to crop losses through unavoidable causes.

THE PRICES named in this list are based upon present market conditions, and are subject to change without notice. We invite correspondence with prospective buyers, and shall be pleased to quote special prices on want lists calling for larger quantities than are named herein. On the other hand, these are **wholesale prices** and are applicable only to **wholesale** quantities; in no case will we fill retail orders, even though from nurserymen, at these prices. All orders should be made up in 10's or multiples of 10.

TERMS. The usual terms are offered to those of established credit or whose responsibility is known to us. Cash, security, or satisfactory references required from unknown parties. All bills are due in sixty days unless other arrangements are made at the time of sale. **All prices are net and not subject to any discount** unless specially agreed upon.

SHIPPING. Customers are requested to give definite instructions in regard to manner of shipping that they desire. In the absence of special instructions we will use our own best judgment, but with the express understanding that it is without responsibility on our part. All shipments travel at the risk and cost of the purchaser. We have the New York Central, the West Shore and Pennsylvania Railways, also, the Rochester and Syracuse interurban trolley line, enabling us to ship in any direction over trunk lines. Express is handled over three of these routes.

BOXES will be charged for at the rates noted below. These are somewhat reduced from last season on account of our being able to buy lumber somewhat more reasonably. These rates, however, do not really cover present actual cost to us.

10 ft. 30 in. x 30 in.	\$4 50	10 ft. 20 in. x 20 in.	\$3 15
10 ft. 28 in. x 28 in.	4 20	10 ft. 18 in. x 18 in.	3 00
10 ft. 26 in. x 26 in.	4 00	10 ft. 14 in. x 16 in.	2 50
10 ft. 24 in. x 24 in.	3 50	10 ft. 12 in. x 14 in.	2 30
10 ft. 22 in. x 22 in.	3 25		

Add 50 cts. on all sizes of 12-ft. boxes; decrease in same proportion for shorter boxes.

BALES will be charged for at actual cost of material used. We make no charge for packing or for delivery to the railroad station.

GUARANTY. We give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any nursery stock, seeds or bulbs we sell, and we will not be in any way responsible for the crop.

CLAIMS for any cause, must be made promptly on receipt of goods. Any stock that is not exactly as represented may be returned to us immediately on arrival, and we will cheerfully and without question, credit back the unsatisfactory plants, or send others; **but we will not entertain claims made after goods have been once accepted**, or when report is not made within six days after arrival of the stock.

INSPECTION AND FUMIGATION. Certificate of inspection will be furnished with every shipment and, when required, stock will be fumigated.

SPECIAL NOTICE. Correspondents are requested to use their printed business letterheads. We do not quote prices to retail buyers nor sell to planters; we have **no retail trade** of our own, and sell **to the trade only**; in justice to our **only** customers, the Nurserymen, Florists, and Dealers we use every effort to limit the distribution of trade prices to those whom we know to be entitled to receive them. **Use printed stationery, or enclose business card.**

LOCATION. We are located thirty miles east of Rochester, N. Y., and cordially invite a visit and inspection of our establishment.

Respectfully,

JACKSON & PERKINS COMPANY

Newark, New York, September 15, 1922.

Baby Tausendschon and Echo Roses at our Bridgeton Branch

Roses

Although we have steadily increased our production of Rose bushes each season, we seem still unable to keep up with the rapidly increasing demand. As was the case a year ago, heavy advance sales made during the spring and summer have booked us up very closely to our estimated supplies in many varieties, so that we are not offering a complete assortment until after our stock is dug, graded, and accurately counted early in the winter. We hope then to have many additional varieties to offer. Rose-growing has always been our leading specialty, and while our supplies for this season are not as large as we could wish, they are by no means inconsiderable and we expect to be able to take care of our trade with satisfaction to our customers.

GRADES. For fall delivery we offer only No. 1 grade. For spring shipment we can usually offer No. 1½ (medium) grade at 30 per cent and No. 2 grade at 50 per cent off these prices.
